Priyadharshini Sadhasivam

Frontend Engineer | Vue 3 · Nuxt · TypeScript

Hoffman Estates, IL · preethi.sadha@gmail.com · +1 (224) 433-1349 · LinkedIn: www.linkedin.com/in/priyadharshini-sadhasivam · Authorized to work in the U.S.

Professional Summary

Frontend engineer with 5 years of software engineering experience, including 3 years building high-traffic grocery e-commerce at Ahold Delhaize USA (Peapod). Specialized in personalization, product search, and A/B testing with Vue 3, Nuxt, and TypeScript. Helped migrate a production Vue app to Nuxt and shipped experiments in Optimizely across web and mobile. Uses AI tools (GitHub Copilot, Claude Code) daily for development and testing. Open to full-time and contract roles.

Technical Skills

Area	Skills
Frontend	Vue.js, Vue 3 (Composition API), Nuxt, Vuex, React, JavaScript (ES6+), TypeScript, HTML5, CSS3, SCSS, Tailwind CSS
UI engineering	Component-based architecture, single-page applications (SPA), server-side rendering (SSR), responsive and mobile-first design, cross-browser compatibility, web accessibility (WCAG), web performance optimization
E-commerce	Personalization, product recommendations, product search, typeahead/autocomplete, faceted search (filters and categories), checkout flow, conversion optimization
Experimentation	A/B testing, Optimizely, data-driven development
CMS & APIs	Bloomreach CMS (headless CMS), REST APIs, GraphQL

Area	Skills
Testing & delivery	Unit testing (Jest, Vitest), debugging, Git, CI/CD, Azure DevOps pipelines, Xcode (iOS testing), Agile/Scrum
AI-assisted development	GitHub Copilot, Claude Code, AI-assisted coding and unit test generation
Earlier experience	Java/J2EE, Spring MVC, MySQL, Bootstrap

Professional Experience

Career Break · Sep 2025 – Sep 2026

Paused work during EAD renewal (now renewed, available immediately). Kept skills current in Vue 3, Nuxt, and TypeScript, and adopted AI-assisted development with Claude Code.

Frontend Developer (Contract) · Ahold Delhaize USA (Peapod), via Motion Recruitment Partners · 2022 – Sep 2025

- Built personalization features for online grocery, including the "Did You Forget?" checkout page and modal and personalized product carousels, increasing add-to-cart engagement and revenue.
- Developed product search features: new filters and categories, and a typeahead dropdown with recommended products, past searches, and suggestions by user type on web and mobile.
- Ran A/B tests in Optimizely, building variants such as large image tiles and image search pills to identify the best-converting search experience.
- Contributed to migrating the storefront from Vue to Nuxt with TypeScript, and built content-driven pages with Bloomreach CMS.
- Partnered with the data science team to validate personalization recommendations before release, and with performance engineers to improve page speed and responsiveness.
- Shipped production releases through Azure DevOps pipelines; ensured cross-browser and responsive quality, using Xcode simulators for mobile testing.
- Used GitHub Copilot for AI-assisted development and unit test generation, speeding up feature delivery and improving test coverage.

Career Break (Family Care and Relocation to the U.S.) · Dec 2015 – Jul 2022

Left Accenture for family care and marriage, relocated to the U.S. in Oct 2016, and awaited work authorization; completed University of Michigan certifications in JavaScript, HTML5, CSS3, and responsive design.

Associate Software Engineer · Accenture, Chennai, India · Nov 2013 – Dec 2015

- Completed Accenture's Java MVC training program, then joined client delivery teams.
- **BCBS / HCSC:** Developed JavaScript features for an internal broker portal, working with HTML, CSS, Java/J2EE, Spring, and REST services.
- **Nokia / Microsoft:** Managed product content for Nokia Lumia phones and supported the content transition during Microsoft's acquisition of Nokia's devices business.
- Worked across the full SDLC, from requirements analysis and development through testing and production support.

Education

B.E., Electrical and Electronics Engineering · Kumaraguru College of Technology, Coimbatore, India · 2013

Certifications

University of Michigan (Coursera), 2020: Interactivity with JavaScript · Advanced Styling with Responsive Design · Introduction to HTML5 · Introduction to CSS3
